VOL. XXVI NO. 2 ST. STANISLAUS, BAY ST. LOUIS, MISS. OCTOBER 31, 1957

Fire, Halftime Show Hilite Homecoming

The 1957 SSC Homecoming was held Sunday, October 13, after a giant pep rally held the night before.

The pep rally included marches played by the SSC band, speeches by the co-captains of the football team, and rousing cheers led by the St. Stanislaus cheerleaders. The pep rally was climaxed by the lighting of a giant bonfire, at the top of which was an effigy of Nicholls High School football player.

The half-time show during the clash between the Rockachaws and the Rebels from Nicholls featured a salute to the graduates of past years. The queen and members of her court, and their escorts, were brought onto the field by vehicles symbolizing the years from 1854 when SSC first began classes up to the present year. A horse- and-buggy was used, followed by fringed-topped surrey, a Model T Ford sedan, a Model A Ford roadster, and finally by a sleek, modern 1957 convertible.

The queen of the homecoming court was Miss Anne Blanchard, who was escorted by Mr. George Gonzalez. The maids of the court and their escorts were: Miss Lynette Kergosien, escorted by Mr. Kirk Mattle; Mary Louise Peranich, escorted by Mr. Richard Kelley; Miss Vicky Fouert, escorted by Mr. Leon Barnett; Linda Auderer, escorted by Mr. Sheldon Seuzeneau. At the close of the show, Mr. Warren Carver, president of the SSC Sidelines Club, presented the queen with the traditional bouquet of chrysanthemums.

"Claudetts" Swing Homecoming Nite

The climax of the Homecoming Festivities was the Homecoming Dance attended by the students, alumni, parents, and friends of Saint Stanislaus. It was held on October 13, 1957 in the SSC Gym. Gay decorations and the lively music supplied just the right mood to top off the perfect day. The Queen and her Court were introduced by Kirk Mattle, the Senior Class President, Jimmy Brooks presented the bouquet.

Crepe paper in every hue imaginable hung from the rafters and swayed to the rhythmic beat of the Claudetts, a favorite band on the Gulf Coast. Spotlights of blue, yellow, red and gold lent an air of mystery to the evening. At the refreshment stand, soft drinks were served.

The dance, the best attended this year, was enjoyed by [illegible] from the oldest alumnus to the youngest student. As one student was heard to say, "It was the most."

Shindig Starts S. S. C. School Social Season

The first dance of the year opened the social season on the SSC campus. The dance was sponsored by the Junior-Senior Confraternity.

The October [illegible] Saturday night dance, though simple, was the occasion of a good time for many of the students of St. Joseph Academy and St. Stanislaus. This dance recriprocated a dance given earlier in the year at St. Joseph's.

SSC Student Body Honors Sacred Heart

The Students of Saint Stanislaus consecrated themselves to the Sacred Heart to show their devotion to Him and also to ask for His blessings and protections throughout the school year.

MISS ANNE BLANCHARD, 1957 Homecoming Queen, poses with her escort, MR. GEORGE GONZALEZ, at the haltime show during the Homecoming [illegible]

This ceremony took place at Our Lady of the Gulf Church on October 17, 1957, on the feast of Saint Margaret Mary, the Visitandine nun, to whom the Sacred Heart appeared and gave the twelve promises to those devoted to His Sacred Heart.

This ceremony was an external evidence of the student body's active devotion to the Sacred Heart. By showing this devotion they fulfill the condition on which the twelve promises are made, that one be devoted to the Heart of Jesus.

Conf. Membership Merits Indulgences

The student body seems to be well aware of its need to join the Confraternity of the Sacred Heart judging by the attendance of the meetings and backing of [illegible] ever, possibly they are not aware of all the privileges and indulgences granted to it. The following is a list of the occasions on which plenary indulgences may be gained by a member under the usual conditions of Confession, Mass and Communion.

1) On the day of their reception into the Confraternity.

2) On the Feast of the Sacred Heart or on the following Sunday.

3) On the First Friday of each month or on the following Sunday.

4) On Feasts of Our Lord Jesus Christ and of the Blessed Virgin Mary listed in the Calendar of the Universal Church.

5) On the Feasts of St. Joseph, Spouse of the Blessed Virgin; of SS Peter and Paul, Apostles; of St. John, Apostle and Evangelist; and of All Saints.

6) Once a month, on a day of their own individual choice.

SSC Celebrates Feast Of Patron November 13

Who could have known, on October 28, 1550, that the little child born in the Castle of Rotkon in Poland was destined to be a great saint? Yet, even as a youngster, he showed signs of the piety and humility which were to set him apart from the selfishness of the world.

At fourteen he entered a Jesuit school in Vienna where his friendly manner was liked by everyone. Once, when he was seriously ill and in danger of dying without the sacraments, he prayed to St. Barbara. His petition was answered—she brought the Blessed Sacrament to him and he was even allowed a vision of Mary and the Christ-child.

It was in Vienna that he received his calling to the priesthood. From there he walked twelve hundred miles to the Jesuit novitiate in Rome. Upon arriving he took on every menial task his superiors would let him, desiring only to be closer to God. After only ten months of training, he received a forewarning of his death, but he requested that he just be allowed to be in heaven for the feast of the Assumption. On August 15, 1568, after several days of illness, he died peacefully.

Remember Saint Stanislaus is the patron of our school and as such he is willing to help us overcome the difficulties that we encounter.

Former Students Become Brothers

The roster of the houses of formation of the Brothers of the Sacred Heart show the following Stanislaus students. In Mobile, as a third year scholastic, Brother Angelo, S. On The Downbeat

The SSC Band greatly contributed to the Homecoming Half-time Spectacular with its precision drills and hit tunes of yester-year which must of called back to mind the "good ole college days" of many of the alumni present.

The Christ the King Parade in downtown Bay Saint Louis was led by the band. The parade marched to such old favorites as "For Christ the King" and "Faith of Our Fathers." The parade terminated with outdoor Benediction of the Blessed Sacrament on the SSC Day School Campus. The Benediction was sung by the combined choirs of Saint Joseph's Academy and Holy Name Society of Our Lady of the Gulf Church, accompanied by the college band. The choir was under the direction of Father Hubert Posjena, S. V. D. of Saint Augustine's Seminary; the band under Brother Romauld, S. C.

The Lions Club announces that auditions will be held for the Lions All-State Band in Canton, Miss. James Raymond, Van Aucoin, David Bishop and Carlo Scafidi have been named as candidates. SSC holds an enviable record since it sends on an average of three to four of its band members to the All-State Band concert every year. James Raymond has been on the Lions Band for three years and Van Aucoin and David Bishop joined the band last year.

The State Band Clinic will be held on December 12, 13, and 14 at Vicksburg, Miss. this year. While candidates have been chosen their names are being withheld from publication.

The Ladies Band Auxiliary will again be gracious hostesses to the band members and their dates. They will give their annual banquet and dance during the Christmas time.

The World Around Us

When the Russians recently launched an artificial earth satellite, many people feared that the United States was losing its scientific race with the USSR.

Actually, many of the scientists working on project "Vanguard", the U. S. space satellite project, have stated that the United States [illegible] have [illegible] a "moon" before the Russians, but that the project was not given nearly as high a priority as it was in Russia. The launching of the moon is part of this country's participation in the International Geophysical Year, and the men behind it apparently never considered themselves to be in a race with the Soviets.

American scientists did express surprise that the first stage of the rocket that launched the Russian moon delivered 200,000 pounds of thrust, while the first stage of the rocket used in project "Vanguard" calls for a thrust of only 72,000 pounds. The added thrust of the Russian rocket enabled them to send up a moon many times heavier than the one to be launched by the U. S. in March.

It is clearly obvious that the U. S. erred by not giving a higher priority to project "Vanguard", and thus allowing the USSR to win a huge victory in propaganda over the United States, and perhaps to become more skilled than we in the science of rocket propulsion.

Rocks Stalemate Picayune

In what was perhaps the most exciting game of the 1957 SSC football season the Rockachaws tied the Picayune Maroon Tide with a score of 20-20. The game was played at Picayune on October 18.

The Rocks, off to a shaky start, trailed at the end of the first stanza 7-0. Their hopes of recovering diminished even more when the Maroons, on an effective passing offense, again scored to make it 14-0. However, the breaks had to come sooner or later. Six plays and 47 yards after the kickoff, the Rocks had reached paydirt. The scoring play was a quick pitch-off to Loiacano, who scampered 24 yards to score. Picayune was unable to hold the ball very long. The Rockachaws took possession of the ball and were once more goal bound. This time it was Mitch Decuir who carried the pigskin in on a 5 yard push through the middle of the line. Thus, at the halftime the score board showed the tied score of 14-14.

The opposition was unable to hold the ball very long at the start of the second half. The Rocks received the ball deep in their own territory, and started tearing towards the opposite field. Again it was Mitch Decuir, the Rocks' fullback, who carried the ball over, on a 32 yard run. This time the SSC gridders missed the extra point, which was to prove very costly. The nip-and-tuck affair wasn't over yet, however. The Tide scored once more in the last quarter, to tie the game 20-20, which was to be the final score.

Moss Point Tigers Edge Stanislaus

The St. Stanislaus Rock-A-Chaws were defeated by the Moss Point Tigers by a score of 13-6 on October 3 at Moss Point.

The Rocks, who led the Tigers in offense all through the game, were caught idle a couple of times, thus leading to the Moss Point tallies.

Mitchel Decuir, the Rocks' co-captain, played tremendous ball, carrying the pigskin continually for approximately 150 yards gained rushing, intercepting a Tiger pass, and scoring the Rocks' only tally in the last stanza, on a quick pitch by the quarterback.

Both Tiger touchdowns were scored by air, once by a 25 yard screen pass to the left end in the third quarter, and by a 12 yard pass to the half-back with 5 minutes remaining in the game. The Rocks squeezed their 6 points in between Moss Point tallies, which made the game highly exciting.

Summarizing the game, the final score does not take anything away from the Rocks. They played a whale of a ball-game, as their 14 first downs and 256 yards gained plainly show. The opposition was only able to make 10 first downs and gain 205 yards.

ROCKS TRIUMPH

BLANK NICHOLLS 18-0

The Saint Stanislaus grids thrilled the Homecoming crowd defeating the Nicholls Rebels, from the Crescent City, 18 to 0.

For the Rocks, it was an important victory, since it gave them the opportunity of joining the winning column. This spectacular took place on Sunday, October 13.

The Rocks monopolized the pigskin most of the game, holding the opposition to a remarkably low 25 yards gained by rushing. The Rebels had to punt after failing to make a first down early in the first period. The Rocks started driving toward the goal-line, and 8 plays later, they reached pay dirt, on a speedy halfback counter-right, by Caceres. The score at the halftime was: Rocks 6, Nicholls 0.

The third stanza was just underway when quarterback Jacobi threw an aerial to Dee Cambre from the Rebels' 40 yard line, to account for the second tally of the game. Again the Rocks missed the extra point.

The Rocks' last score came in the last quarter. A 16 yard pass opened the way. Later, Loiacano carried the ball on a quickie right 3 yards from pay dirt. The tally was made on the next play.

November 1st Marks All Saints

On November the first we will celebrate the feast of All Saints. This is a day the Church has set aside to commemorate all the saints in heaven, known and unknown.

This feast was first instituted by Pope Boniface IV, in the year 609 or 610. This practice of honoring the Blessed Virgin, all the martyrs, and saints did not take root until two centuries later. After taking root it rapidly spread to the Western Churches.

All Saints was formally called All Hollows. Thus, the evening of the vigil is known as Holloween or Eve of All Hallows.

As long as we live a good life in the state of sanctifying grace, we are a saint. The world might not canonize you and honor you but in the sight of God we receive all the glory in heaven, of a canonized saint. And this feast will be ours.

Entre Los Latinos

La humilde columna de los latinos regresa de nuevo, esta vez con "flashes" superarchi-estratosfericos, a la altura de "Sputnik."

Ha llegado a nuestros oidos la noticia, de la cual nos enorgullecemos, de que nuestros estimados amigos Hugo Godoy y Eduardo Kawas han sido invitados a participar en el primer torneo interplanetario de billar a la potra. Conociendo la bendita "leche" de los dos fanaticos del "8-ball," no nos queda mas que darles el pesame a los contrincantes.

Oscar Odriozola ha inventado un metodo de estar despierto cuando prenden las luces en el dormitorio: consiste simplemente en no dormir toda la noche.

El camarada Solaroff se ha vuelto un as en los bailes de los imperialistas yanquis, como se pudo notar en bailes pasados.

Felicitamos a los latinos que estan jugando futbol americano en el "Varsity Team." En varias ocasiones han demonstrado su habilidad en el juego. Son ellos: Abelardo Caceres, Ramiro Geredo, Ricardo Ortiz, y Roberto Van Peski. Oscar Odriozola, debido a un golpe, no pudo seguir jugando, pero tambien el entra en la colada de las felicitaciones, y no olvidemos a otro que tambien anda en busca del "jacket"; es Francisco Fonteboa, competente manager del equipo.

En un baile pasado, hubieron varios latinos que fueron muy apreciados por la concurrencia, especialmente en el cha-cha-cha, en el cual nuestro Fred Astaire, el habil dan[illegible] Guillermo Aguirre, nos [illegible]eito con sus ritmicos pasos y movidas chuecas.

All SSC Confraternities Select November Projects

The Confraternity project for October was the daily recitation of the Rosary at 12:30 by volunteers in the SSC Student Chapel. This was decided at the meeting held on October 1.

President Prat called the meeting of the Freshman-Sophomore Confraternity of the Sacred Heart to order at which time he gave a short talk on the merit of carrying and saying the Rosary. The members then took a vote to decide if the Rosary would be said in the students' chapel during the noon hour.

A short talk on the life of St. Margaret Mary was given by vice-president Luis Ingles. The twelve promises of the Sacred Heart given to St. Margaret Mary was the central theme of the talk.

The final business was the decision to form a social committee that would take care of all social events for the school year. J. E. Loicano was elected as chairman of the committee.

The requirements for membership was the principal business of the October 2 meeting of the Junior-Senior Confraternity. Brother Reginald, faculty moderator, explained the object of the Confraternity and then briefly outlined to the pledges what would be required of them if they joined the organization.

Herman Jacobi, junior class president, gave a short talk on the Rosary. He pointed out to the confraternity members and pledges the innumerable indulgences to be gained by being devoted to the Holy Rosary.

BROTHER REGINALD, WSSSG, instructs DAVID LEVY in the operation of a ham radio station in the Physics Laboratory.
